

Approved the Issuer's statement in relation to the voluntary full takeover bid promoted by Cometa S.r.l.

Castellina di Soragna (PR), Italy, 12 December 2023

The Board of Directors of Servizi Italia S.p.A. (the "**Company**" or the "**Issuer**") approved on the date hereof the statement (the "**Issuer's Statement**") pursuant to Article 103, paragraph 3, of Legislative Decree No. 58 of 24 February 1998, as subsequently amended (the "**Italian Consolidated Financial Act**") and Article 39 of the Regulations adopted by Consob with resolution No. 11971 of 14 May 1999, as subsequently amended (the "**Issuers' Regulations**"), containing the assessment of the Board of Directors (i) on the voluntary tender offer launched by Cometa S.r.l. (the "**Offeror**") on all the Issuer's shares net of the stake held by the parent company Aurum S.p.A. and the treasury shares held by the Company, pursuant to Articles 102 and followings of the Italian Consolidated Financial Act (the "**Offer**") and (ii) on the fairness of the related consideration.

To issue the Issuer's Statement, the Board of Directors reviewed and took into consideration, among other things, the opinion issued today by the Independent Directors pursuant to Article 39-bis of the Issuers' Regulations (the "**Independent Directors' Opinion**"), which included the fairness opinion (the "**Fairness Opinion**") issued by Equita SIM S.p.A. (the "**Independent Expert**") as the independent financial advisor appointed by the Independent Directors themselves, and that the Board of Directors had decided to use as well.

At the outcome of the meeting, the Board of Directors, also in light of the content of the Fairness Opinion and the Independent Directors' Opinion, upon unanimous favourable vote of the voting members, felt that it could not formulate as of today's date a conclusive opinion of objective fairness from a financial point of view on the Offer, equal to Euro 1.65 per share of the Company, as it is lower than the minimum value determined by the Independent Expert through the application of the DCF financial methodology based on Company's fundamentals.

However, the Board of Directors has deemed it necessary to draw the attention of the Shareholders to the elements it has evaluated and represented in the Issuer's Statement in relation, in particular, to the opportunity of disinvesting securities that could, at the end of the operation, become of poor liquidity, specifying in any case that the economic expediency of accepting the Offer must be assessed by the individual Shareholder, taking into account the matters set out in the aforementioned Issuer's Statement, the Opinion of the Independent Directors, the stock market performance of the Shares, the Offeror's statements and the information contained in the Offer document and any other document relating to the Offer itself.
